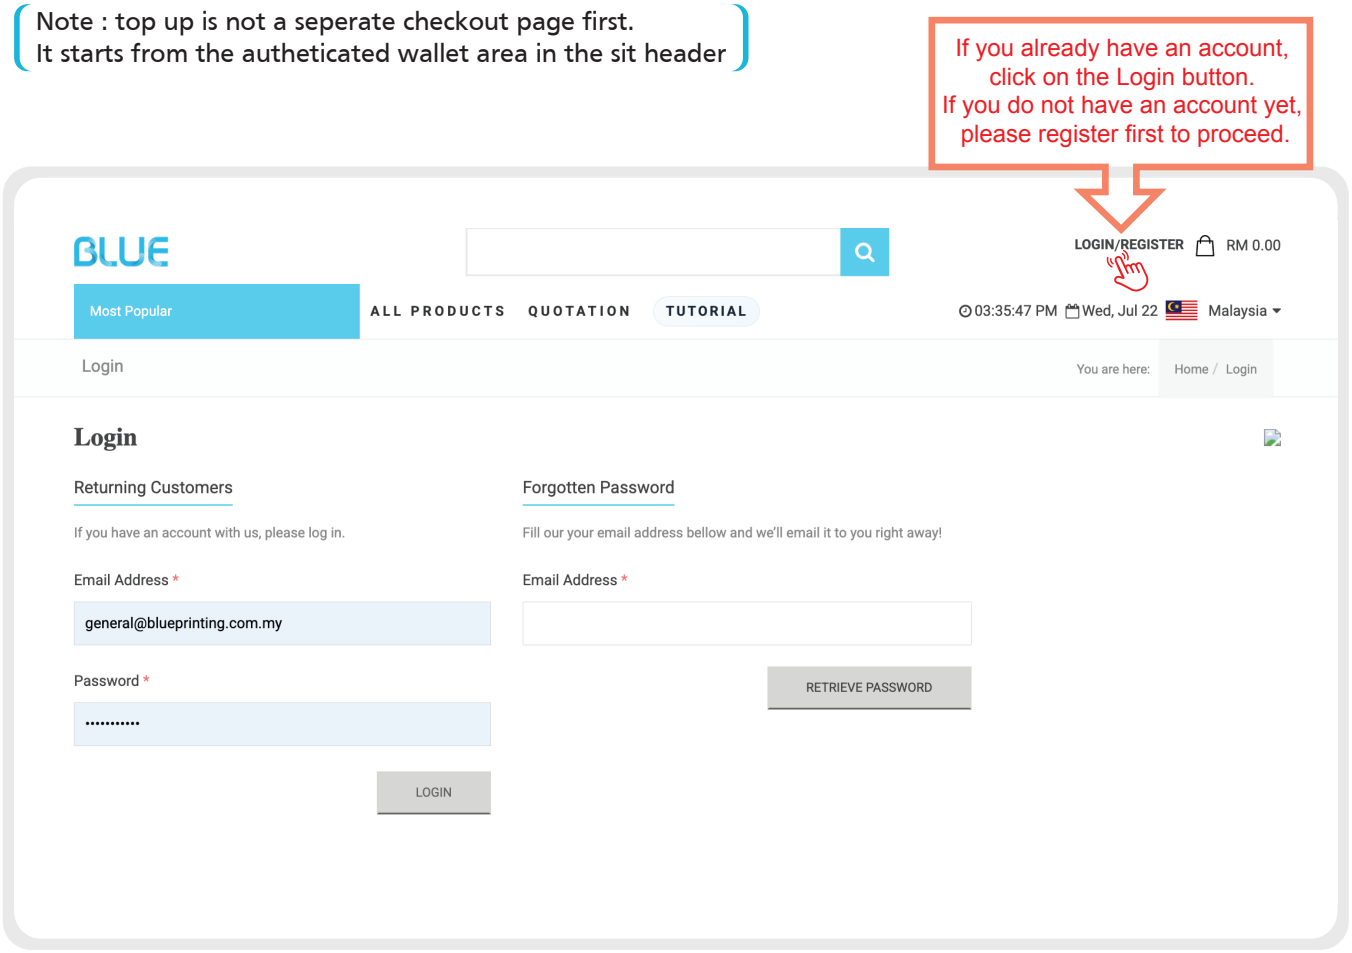
Step 01: **Login before opening top up**

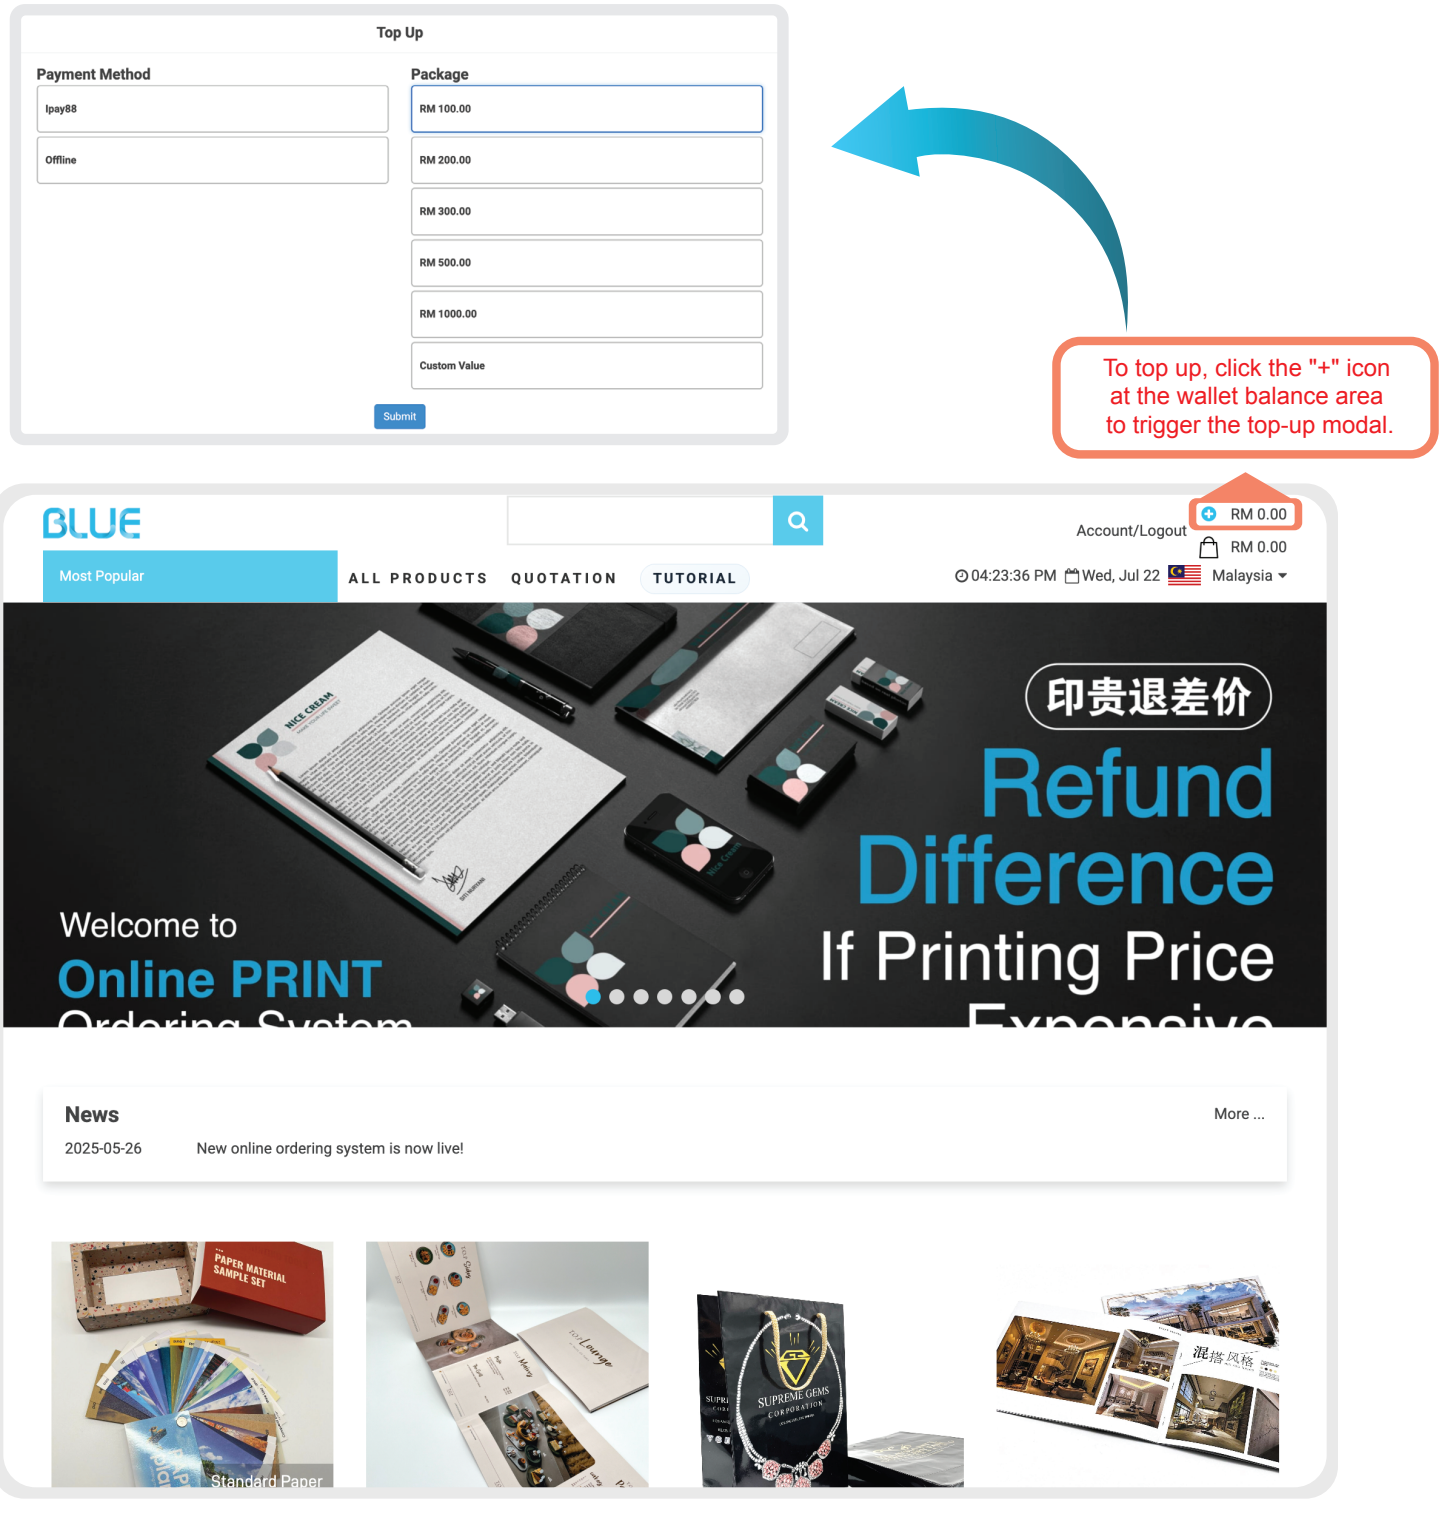
1. To begin the process, please open the customer login page and authenticate using your account credentials.
2. The top-up trigger is located within the signed-in header, making the login process the necessary first step.

Note : top up is not a seperate checkout page first.
It starts from the autheticated wallet area in the sit header



Step 02: **Open the top-up modal from the balance button**

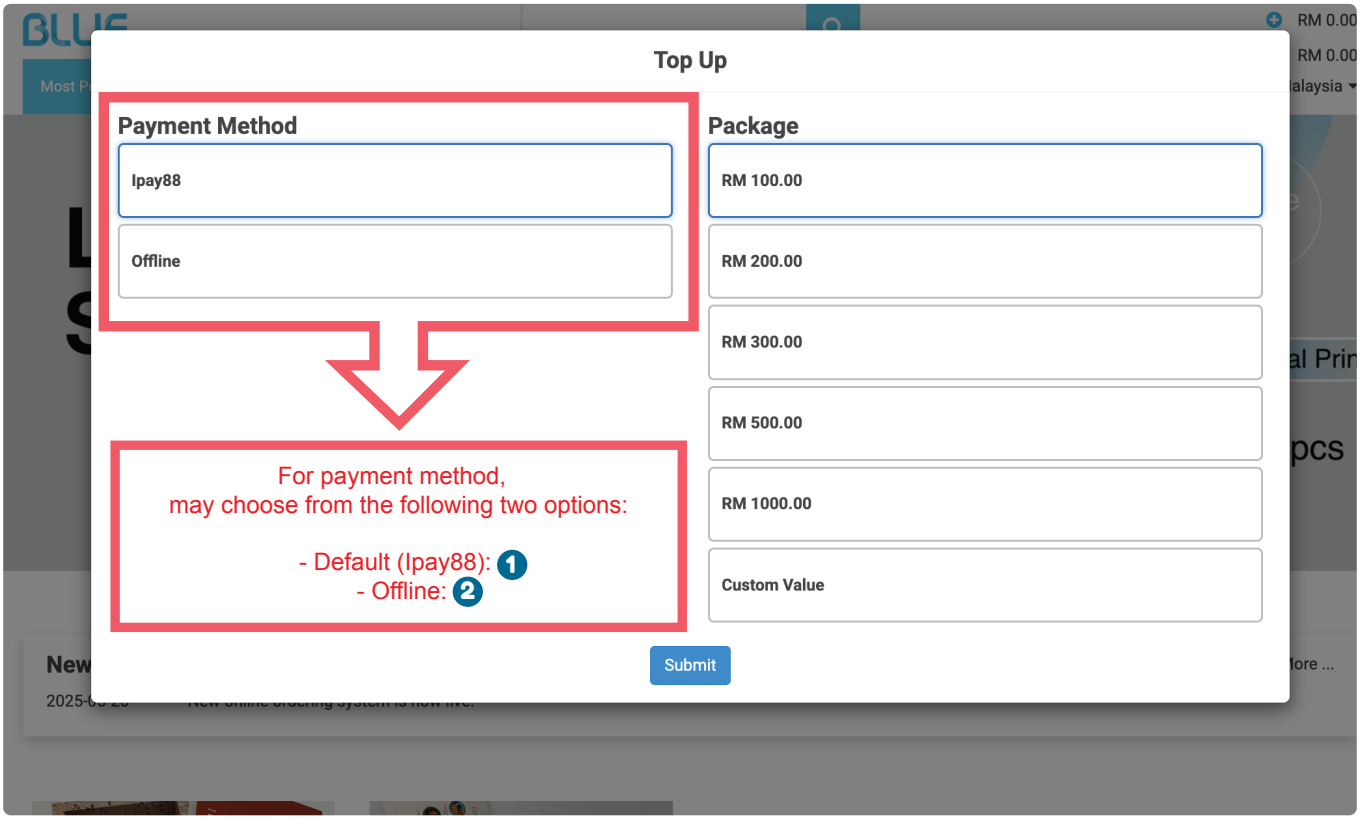
1. Upon a successful login, you will be directed to the main site where your account summary will be visible in the top bar.
2. Please use the balance area in the header to open the top-up modal
3. This is the specific starting point for a wallet reload and is distinct from the standard product checkout flow.



Step 03: **Choose a payment method with a preset amount or continue to custom amount**

1. The modal opens with a default top-up amount of RM100
2. Preset packages are available for fast selection : RM100, RM200, RM300, RM500, and RM1000.
3. The payment method is set to **Ipay88** by default.
4. You may switch to Offline if you wish to upload manual payment proof.

Note : This screen handles both amount selection and payment choice in one place.



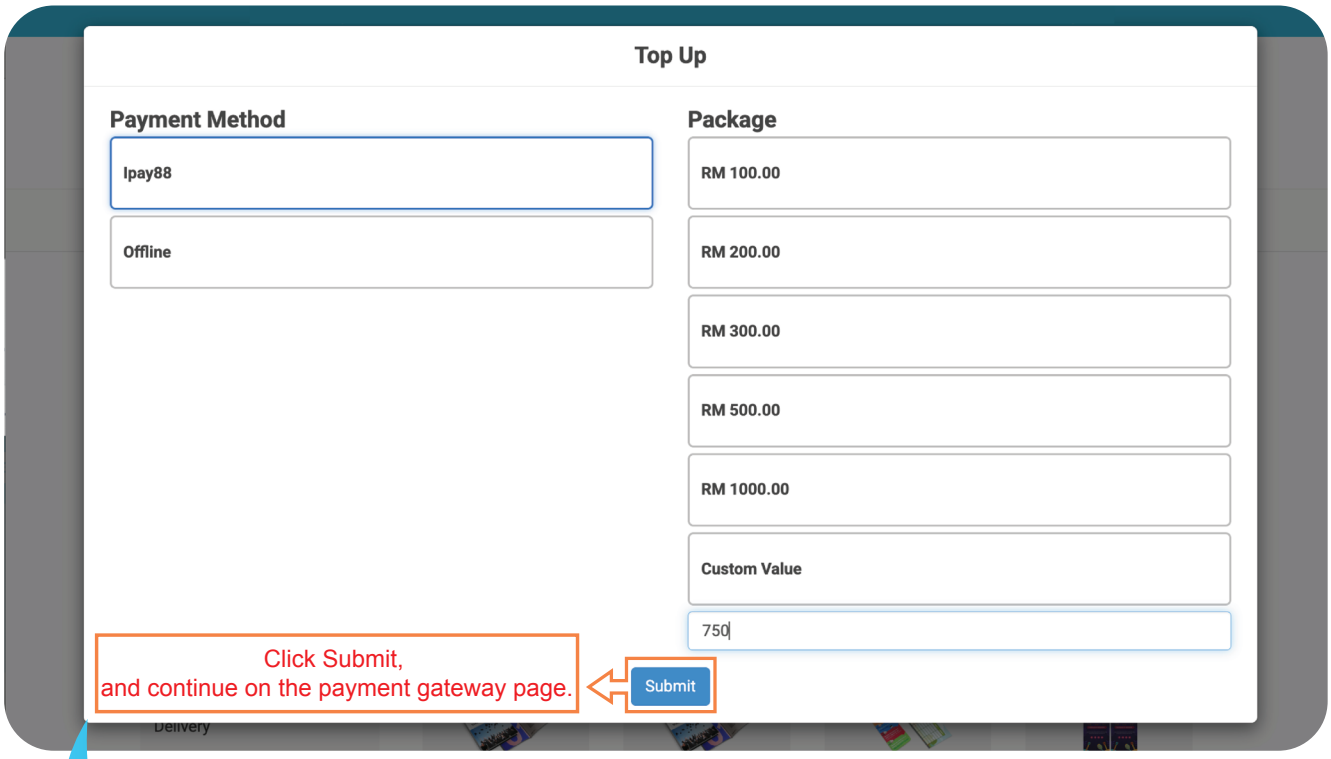
1 **Default (Ipay88):** Process your transaction immediately through our integrated payment gateway.

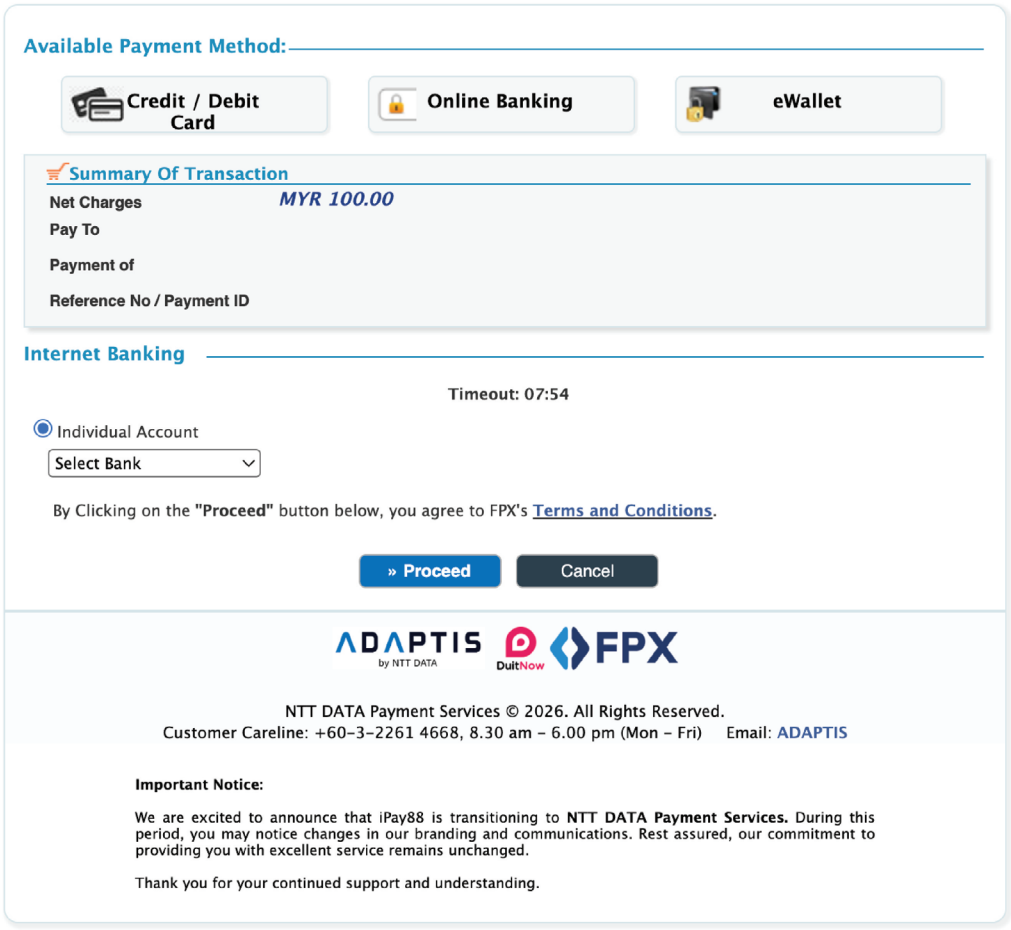
2 **Offline:** Complete a manual bank transfer and upload your payment proof to our system for verification.

Step 03.1: **Payment Method A - Ipay88 top up**

1. Ipay88 is the default online payment route when the modal opens
2. Preset packages are available for fast selection : RM100, RM200, RM300, RM500, and RM1000.
3. You may switch from preset packages to enter a custom amount (e.g., RM750).
4. Upon submission, you will be redirected to the iPay88 payment flow to complete the transaction.zz

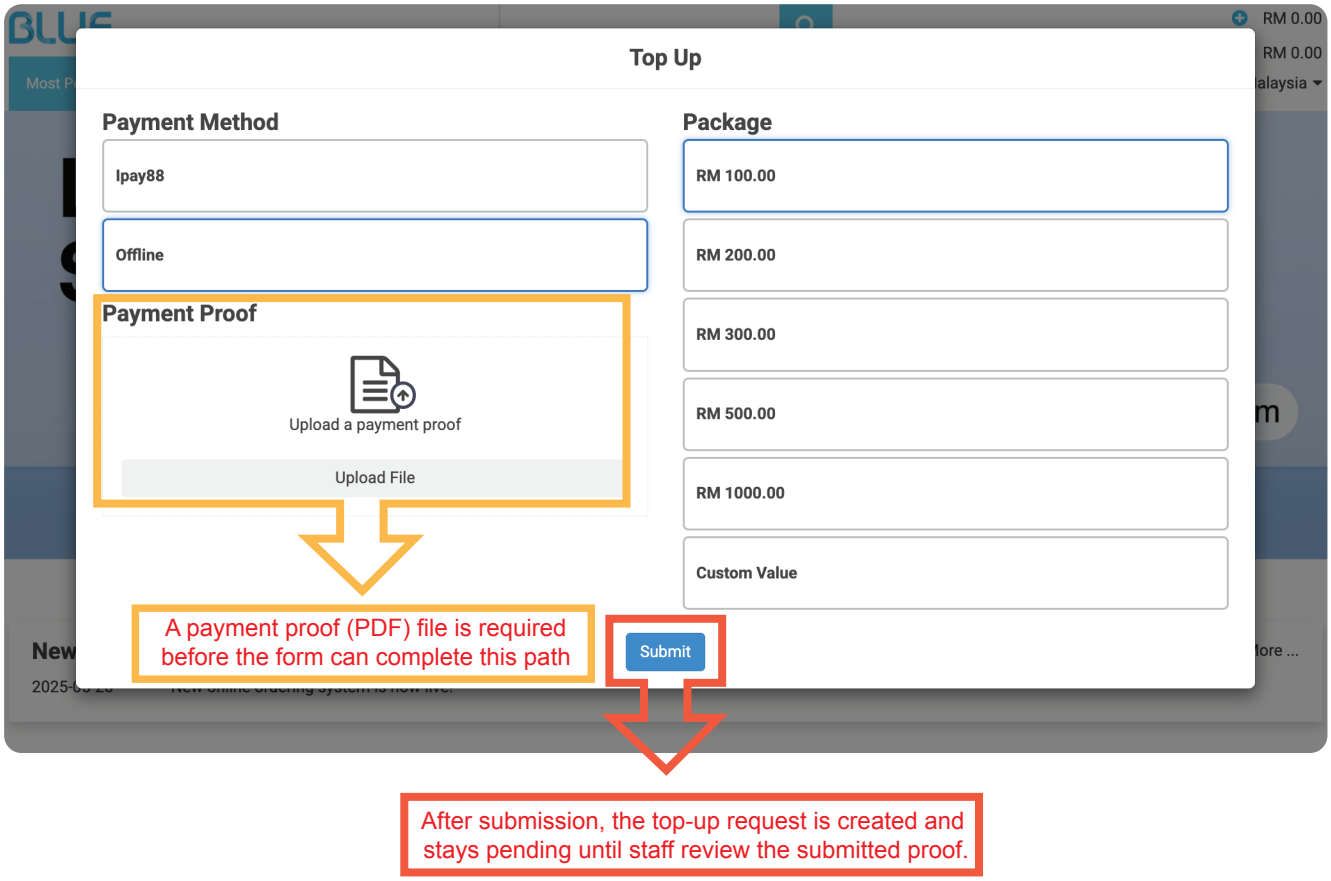
Note : Handling fee will be charged on every transaction amount.





Step 03.2: **Payment Method B - Offline top up**

1. Choose Offline - if you prefer to transfer the amount to Blue Printing (M) Sdn Bhd's bank account manually.
   Banking Details for Offline Transfer:
   BLUE PRINTING (M) SDN BHD
   Maybank Account No : 5016 0000 3683
   Swift Code: MBBEMYKLPEN
2. Upload the payment proof in the modal
3. Submit and wait for admin approval



Step 04: **Successful**

1. Once your payment has been successfully cleared, a pop-up will appear with your transaction number.
2. You may find your top-up amount in your wallet located within the authenticated site header.
